HOSPITAL PRICES: Pages 1-16

MOBILE PRICES: Pages 17-19

GARS Hospital (price inc. GST)

Hospitalisation *Charged per 12 hours unless stated otherwise*

Dependency	Cost ($)
Basic dependency (eg admit for a procedure)	250
Spinal surgery hospitalisation (*First 24hrs included in surgery fee)	
Spine-from 24 hours post-surgery (body weight dependent)	300-450
Medium dependency (IV Fluid setup, PCV/TP)	600
Medium dependency subsequent 12hrs (IV Fluid setup, PCV/TP)	500
High dependency first 12hours-drains present or O2 therapy (includes IV Fluid setup, PCV/TP)	800
High dependency first subsequent 12hrs-drains present or O2 therapy (includes IV Fluid setup, PCV/TP)	600
Mechanical Ventilation first 12hrs	2000-2500

Surgery

All surgical procedures include costs for up to 24 hours of hospitalisation. Prices don't include admission OOH or a period of stabilisation.

Consults

Item	Cost ($)
Consult Initial	160
Recheck	80
Telehealth consult	160

Orthopaedic

Procedure	Cost ($)
TPLO/CBLO/CCWO: 1-50kg	1-50kg = 5800
TPLO/CBLO/CCWO: 51-100kg	50-100kg = 5950
TPLO/CBLO/CCWO plus patella luxation correction	7000
Ligament repair and replacement (synthetic)	5000-5500
Patella luxation uni/bilateral	4800/7900
Fracture simple-moderate	5500-6500
Fracture complex	7000-8500
Arthrodesis-any joint	7000
Achilles repair	6500
Hip Toggle	6300
Angular limb deformity correction	6700
Juvenile pubic symphysiodesis	3300
DPO unilateral	7300-7800

Joint Replacement & Resurfacing

Australia's most advanced + experienced joint replacement team!

Procedure	Cost ($)
Total Hip Replacement	9900-10,500
Total Elbow Replacement (only centre in Australia)	9900-10,500
Total Ankle Replacement (only centre in Australia)	9900-10,500
Partial joint replacement (shoulder, elbow, stifle): SynACART/CUE/PGR	7500-9000
Custom joint replacement (all joints)	14,000

Arthroscopy

Procedure	Cost ($)
Single joint* (shoulder, elbow, carpus, hip, stifle, hock)	4500 (no CT), 5500 (with CT)
Multiple joints *add	add 1000
Bi-Oblique Ulnar Osteotomy *add	add 1000

ENT

Procedure	Cost ($)
BOAS (folded flap palatoplasty, tonsillectomy, alaplasty) alone	3700
TECA LBO	5000 (no CT), 6000 (with CT)
Tieback	5500
Salivary Sialoceole	4700 (no CT), 5700 (with CT)

Oncology

Procedure	Cost ($)
Mass removal simple	4100 (no CT), 5500 (CT 2region)
Mass removal complex (axial pattern flap, pouch, free graft)	5500 (no CT), 6900 (CT 2region)
NIRF (Near Infra Red Fluorescence)-intraoperative node and tumour mapping	add 1100 to surgical fee
Splenectomy	5500 (no CT), 6900 (CT 2region)
Liver lobectomy or Adrenalectomy	6500 (no CT), 7900 (CT 2region)
Mandibulectomy	5500 (no CT), 6900 (CT 2region)
Maxillectomy	6500 (no CT), 7900 (CT 2region)
Limb salvage-manus transfer	9000
Limb salvage-Osteointegrategrated Transcutaneous Amputation Prosthesis	12000
Intraoperative Electrochemotherapy	add 1500

Soft Tissue

General Procedures	Cost ($)
GDV	6500-7500
Thoracotomy	7000-8000
Enterotomy/enterectomy	5500-6500
Perineal Hernia	4900
Perineal Hernia Bilateral	7000
Perineal Hernia Bilateral + Defropexy/Colopexy	8500
Anal sacculectomy uni/bilateral	3500-4500
Screw Tail Amputation	4500
Limb amputation	5700
Subtotal colectomy	6000
Extrahepatic shunt band or ameroid (exc CT shunt work up separate day = 3000)	6500-7000
Intrahepatic shunt stent coils fluoroscopy (exc CT shunt work up separate day = 3000)	9900
Add cystotomy/gonadectomy to shunt surgery	1200/500
Cholecystectomy	6900-7900

Urogenital Procedures	Cost ($)
Perineal Urethrostomy	4900
Vulvoplasty	3500
Preputial advancement and phallopexy	4000
Cysotomy open	4500
Ectopic ureter-surgery	5900 (unilateral), 6600 (bilateral)
Ectopic ureter-cystoscopic laser	5900 (unilateral), 6600 (bilateral)
USMI hydraulic occluder for incontinence	6900
Nephrectomy	5900-6900
SUB ureteral bypass	9500 (unilateral), 15000 (bilateral)
SUB: Flush	1000

Laparoscopy and Thoracoscopy

Procedure	Cost ($)
Lap Liver Biopsy	3900
Lap Gastropexy or desexing:	3900
Lap Gastropexy and desexing:	4900
Lap bladder stone removal	3900
Thoracoscopic pericardectomy	7000

Neurosurgery

(includes first 24hours hospitalisation)

Procedure	Cost ($)
Spinal work up without surgery (CT and/or MR +/-CSF)	2900-4500
Ventral slot (includes CT)	7500-8000 (add 1000 if needs MR)
Hemilaminectomy (includes CT)	7500-8000 (add 1000 if needs MR)
Spinal fusion wobbler TL or L (imaging excluded-allow 3500 on separate day)	9000-10000
Spinal fracture (includes CT)	9000-10000
Bilateral foraminotomy +/- dorsal laminectomy (excludes imaging)	9000

Spine hospitalisation: Billed per 12hrs (first 24hrs included)

(allow 1-4nights hospitalisation following surgery, typically)

Procedure	Cost ($)
Spine < 10kg	300
Spine 10-30 kg	350
Spine 31-50 kg	400
Spine > 50kg	450

Medicine

Medicine prices include up to 12hrs hospital care (or longer when stated)

Consults

Item	Cost ($)
Consult initial	300
Recheck Consult < 6 months	150
Recheck Consult > 6 months	200

Ultrasound

(includes consult, sedation + 12hr hospitalisation)

Procedure	Cost ($)
Abdominal Ultrasound with sedation & consult	1400
Cardiac workup: Echo + BP + ECG with sedation & consult	1800
Bicavitary Ultrasound with sedation & consult	1900
Parathyroid Ultrasound with sedation & consult	1200
Musculoskeletal Ultrasound with sedation & consult	1200

Procedures

(includes consult, anaesthesia or sedation + 12hr hospitalisation)

Procedure	Cost ($)
CSF collection + analysis with anaesthesia & consult	2800
CT + CSF + analysis with anaesthesia & consult	4200
MRI + CSF + analysis with anaesthesia & consult	4900
Bone Marrow Aspirates with anaesthesia & consult	2800
Arthrocentesis + analysis with anaesthesia & consult	1800
Cystocentesis + analysis with anaesthesia & consult	700
Pericardiocentesis (inc Ultrasound guidance) + analysis with anaesthesia & consult	1900
Thoracocentesis (inc Ultrasound guidance) + analysis with anaesthesia & consult	1400
Abdominal centesis (inc Ultrasound guidance) + analysis with anaesthesia & consult	1400

Procedure Package

(includes consult, hospitalisation, GA, CT +/- MR +/- endoscopy + analysis)

Procedure	Cost ($)
Respiratory work up: CT, Bronchoscopy & BAL with anaesthesia & consult	4500-5000
Nasal work up: CT, Rhinoscopy, Nasal biopsy with anaesthesia & consult	4500-5000
Aspergillus surg: CT & Surgical Treatment (Sinotomy or Scope & antifungal)	5500
Aspergillus med: Antifungal nasal soak without sinotomy (follow up treatment)	2000
Incontinence work up: Cystoscopy + CT-IVP with anaesthesia & consult	4500
Bladder or urethral mass work up: CT + Cystoscopy + Biopsy with GA & consult	4900
PUO work up: CT multisite, bloodwork, urinalysis, sample collection, anaesthesia & consult	4800-5500
Brain work up: MRI + CSF + PCR with anaesthesia & consult	4800
Tumour work up: CT(multisite), biopsy, bloodwork, anaesthesia & consult	4000

Endoscopy without CT or MR

(includes consult, hospitalisation, GA, biopsy + PCR)

Procedure	Cost ($)
Foreign body Upper GI endoscopy + analysis with anaesthesia & consult	4000
Upper OR Lower GI endoscopy + analysis with anaesthesia & consult	3700
Upper AND Lower GI endoscopy + analysis with anaesthesia & consult	4500
Cystoscopy + analysis with anaesthesia & consult	3200
Rhinoscopy + biopsy + analysis with anaesthesia & consult	3500
Bronchoscopy + analysis + with anaesthesia & consult	3500

Chemotherapy package (full course)

Procedure	Cost ($)
MCT	6900-9500
Osteosarcoma	6900
Lymphoma	8800-12000
Melanoma Vaccine	6100
Transitional Cell Carcinoma	6100

Immunotherapy

(created from patient's own tumour): Available for most tumours

Item	Cost ($)
Full course = 8 vaccine injections: 1 injection weekly (4-weeks) then monthly (4-months)	3300 (full course)

Electrochemotherapy

(includes consult, bloods, GA + ECT)

Item	Cost ($)
1st treatment (most require single treatment only)	3300
2nd treatment (*only some cases)	2200

Discounts

Referring vet practice staff receive a 25% discount on all procedures except joint replacement (10% discount).

Oncology

Prices include up to 12hrs hospital care (or longer when stated)

Consults

Item	Cost ($)
Consult initial	300
Telehealth consultation	300

Chemotherapy package (full course)

Procedure	Cost ($)
MCT	6900-9900
Osteosarcoma	6000-7000
Lymphoma	8800-12000
Melanoma Vaccine	6100
Transitional Cell Carcinoma	6100

Immunotherapy

(created from patient's own tumour): Available for most tumours

Item	Cost ($)
Full course = 8 vaccine injections: give 1 injection weekly (4-weeks) then monthly (4-months)	3300 (full course)

Electrochemotherapy

(includes consult, bloods, hospitalisation, GA + ECT)

Item	Cost ($)
1st treatment (most require single treatment only)	3300
2nd treatment (*only some cases)	2200

Sentinel LN mapping with CT (multisite)

Item	Cost ($)
CT + US guided cytology	3700
CT + US guided cytology + histopathology	4200

Near Infra Red Fluorescence

(*MARS is only hospital in Victoria offering this)

Item	Cost ($)
Intraoperative-Thoracoscopic or Laparoscopic	add 1100 to surgical fee
Intraoperative-Open	add 1100 to surgical fee

Discounts

Referring vet practice staff receive a 25% discount on all procedures except joint replacement (10% discount).

Imaging

Radiography

(includes sedation or anaesthesia)

Procedure	Cost ($)
Joint replacement templating series xrays	600
Joint replacement templating series xrays & CT (elbow + custom)	1300
DPO workup series: rads (Laxity Index) & CT-DLS	2000

Fluoroscopy

(includes sedation or anaesthesia)

Procedure	Cost ($)
Intraoperative imaging	600
Swallow study - hiatal hernia, cricopharyngeal achalasia	1700

Hiatal Hernia Workup

(includes sedation or anaesthesia)

Procedure	Cost ($)
CT chest/abdomen + fluroscopic swallow	3700

CT

(includes consult + hospital + anaesthesia)

Procedure	Cost ($)
Single region	2700
Mulitple region	3300

MRI

*(includes consult + hospital + anaesthesia) *Currently available GARS Hospital only*

Procedure	Cost ($)
Single region	3500
Mulitple region	4000

MRI & CT combined

*(includes consult + hospital + anaesthesia) *Currently available GARS Hospital only*

Procedure	Cost ($)
Single region (eg. Wobbler, LS, work up & surg planning)	4000
Multiple region	4600

Discounts

Referring vet practice staff receive a 25% discount on all procedures except joint replacement (10% discount).

Emergency

*****These are estimates only and costs may vary significantly according to patient stability.**

*Workup estimate = consult + hosp + diagnostic procedure **OR**

* Treatment estimate = consult + emergency package (stabilisation or surgery)

Consult

Item	Cost ($)
Emergency Consult	275

Hospitalisation (12hrs)

Procedure	Cost ($)
Basic dependency first 12hr (eg admit for a procedure)	250
Spinal surgery hospitalisation (*First 24hrs included in surgery fee)	
Spine-charged per 12hrs after first 24hrs	300-450
Medium dependency first 12hrs (IV Fluid setup, PCV/TP)	600
Medium dependency subsequent 12hrs (IV Fluid setup, PCV/TP)	500
High dependency first 12hrs-drains present or O2 therapy (includes IV Fluid setup, PCV/TP)	800
High dependency first subsequent 12hrs-drains present or O2 therapy (includes IV Fluid setup, PCV/TP)	600
Mechanical Ventilation per 12hrs	2000-2500

Emergency Diagnostic Procedures

**Diagnostic procedure costs include sedation/anesthesia where required.*

**Add consult + hospitalisation*

Radiography

Procedure	Cost ($)
Urinary series (plain and retrograde contrast study)	900
Respiratory series (3view chest)	550
Trauma series (chest, abdomen, spine, pelvis, limbs)	1100
Radiograph two views (with sedation)	550
Radiograph Additional view	120

Ultrasongraphy

Procedure	Cost ($)
AFAST	250
TFAST	250
AFAST & TFAST	350
Cystocentesis + analysis	400
Pericardiocentesis (inc Ultrasound guidance) + analysis	1400
Thoracocentesis (inc Ultrasound guidance) + analysis	800
Abdominal centesis (inc Ultrasound guidance) + analysis	600

CT or MR

Procedure	Cost ($)
Emergency CT +/- CSF analysis	2000-3000
Emergency MRI +/- CSF analysis	2500-3500

Emergency Packages: Stabilisation or Surgery

Includes first 12hr hospitalisation.

**add consult.*

Emergency Stabilisation

(inc. first 12hrs hospitalisation)

Procedure	Cost ($)
HGE	1200-1500
FLUTD no surgery	2000-2800
Transfusion (plasma or whole blood). Includes thromoelastography, Coags, BloodGas, CBC/Chem	2500
IMHA stabilisation (inc blood transfusion)	3800-4800
Diabetic Basic/Ketoacidotic	3000-5000
Seizure control	1400-1900
Toxicity Gastric lavage & enema	2500-3000
Snake bite (IVFT, O2 therapy, antivenom, ICU care, blood/urine test, Ucath)	4500-6500
Pancreatitis	2500-3000
Pleural effusion (includes anaesthesia, CT, thoracocentesis, analysis) *does not inc surgery if indicated	3500-4500

Emergency Surgery

(inc. first 12hrs hospitalisation)

Procedure	Cost ($)
Stitch up minor	1500-2000
Stitch up major	2500-3500
GDV	6300-7000
Intestinal forign body	5000-6000
Septic abdomen with ExLap and abdominal drain	6000-8500
Splenectomy alone/transfusion	5500-6500
Liver lobectomy alone/transfusion	6000-7000
Cholecystectomy stable/unstable	6000-8500
Caesarian	4700
Oesophageal FB surgery Thoracotomy	7500-9000
BOAS obstructive heat stroke-surgery and ICU care	4500-6500
LarPar obstructive heat stroke-surgery and ICU care	6500-8000
Spine (includes imaging & first 24hrs hospitalisation)	7000-7900

Neurosurgery

(includes first 24hours hospitalisation)

Procedure	Cost ($)
Spinal work up without surgery (CT and/or MR +/-CSF)	2900-4500
Ventral Slot surgery with CT or MR	7000-7900
Hemilaminectomy surgery with CT or MR	7000-7900
Spinal fusion wobbler TL or LS (imaging excluded-allow 3500 on separate day)	9000-10000
Spinal fracture (+ CT + 1night hosp)	9000-10000
Bilateral foraminotomy +/- dorsal laminectomy (excludes imaging)	9000

Spine hospitalisation: Billed per 12hrs (first 24hrs included)

(allow 1-4nights hospitalisation following surgery, typically)

Procedure	Cost ($)
Spine < 10kg	300
Spine 10-30 kg	350
Spine 31-50 kg	400
Spine > 50kg	450

Emergency Endoscopy

(inc. first 12hrs hospitalisation)

Procedure	Cost ($)
Foreign body Upper GI endoscopy (includes cons, hosp, fluids, rads, bloods, GA & scope)	4000-5000

Hospital Discounts

Referring vet practice staff receive a 25% discount on all procedures except joint replacement (10% discount).

GARS Mobile (prices are exclusive of GST)

Orthopaedic

Procedure	Cost ($)
TPLO/CBLO/CCWO 1-50kg	2800
TPLO/CBLO/CCWO 51-100kg	3200
Patella with modified TPLO & Trochleoplasty *add 700 to TPLO price	add 700 to TPLO price
Implant removal with arthrotomy	1500
Implant removal alone	1400
Ligament repair (DeAngelis)	2400
Patella luxation unilateral	2400
Patella luxation bilateral (same time)	3900
Fracture simple (K-wires +/- tension band)	2400
Fracture long bone (plate and screws or ESF)	2900
Fracture complex or multiple	~3600 (*confirm when booking)
Arthrodesis (all types)	3300
Hip Toggle	2900
FHO	1700
Distal Ulnar Ostectomy Unilateral	1700
Distal Ulnar Ostectomy Bilateral	2200
Juvenile pubic symphysiodesis	1700
Epidural steroid injection number 1	800
Epidural steroid injection number 2 (injection = 3weeks apart)	800
Epidural steroid injection number 3 (injection = 3weeks apart)	800

ENT

Procedure	Cost ($)
BOAS (folded flap palatoplasty, tonsillectomy, alaplasty)	1900
TECA & LBO	2900
VBO	2900
Tieback	2500
Salivary Sialoceole	2500

Oncology

Procedure	Cost ($)
Mass removal simple	1900
Mass removal complex (axial pattern flap, pouch, free graft)	2800
Anal sac mass removal	2000
Mandibulectomy	2800

Soft Tissue

General Procedures	Cost ($)
Enterectomy	2900
Enterotomy	2900
Perineal Hernia Unilateral	2900
Perineal Hernia Bilateral	3900
Anal sacculectomy-unilateral	1800
Anal sacculectomy-bilateral	2500
Screw Tail Amputation	2500
Limb amputation	2900

Urogenital Procedures	Cost ($)
Perineal Urethrostomy	2500
Vulvoplasty	1800
Nephrectomy	3200
Cysotomy open	2500
Preputial advancement and phallopexy	2500
